

The only thing more beautiful than how  
it installs is how well it performs.  
With Procell, common decking problems are in the past.

# Experience Benefits Beyond the Beauty.

Go ahead. Try to scratch and stain it. Screw into it without pre-drilling – anywhere. Unlike other alternative decking, Procell is the one material engineered to minimize those pesky problems that lead to customer callbacks. Why? Because you're not just building a deck, you're building a reputation.

Made  
for Living.™
